Mr. John DeMarco,

Dear Mr. DeMarco,

Thanks very much for referring my communications concern to Edna Hampton. She informs me she is not in a position to do anything for us.

Would you have any other suggestions as to how the Office for Disability Issues could help address problematic attitudes towards environmental sensitivities both inside and outside government circles. Abusive attitudes in government and in the health community are contributing to serious damages, increased disability, and deaths of members of this disabled group.

Thanks again for your interest.

Sincerely,

Chris Brown
